PROFESSIONAL PROFILE

Accountant and tax specialist, I handle the full accounting cycle of a Beninese company through to the filing of SYSCOHADA financial statements and tax returns, and I manage the cost accounting of six international entities within the same group (United Kingdom, Estonia, Hong Kong, United States), working with their local chartered accountants. In an accounting firm, I supervised a portfolio of 27 clients, 9 of which I managed directly. I reconcile and consolidate multi-currency flows (EUR, USD, GBP) from around ten banks and payment platforms, using Xero, Sage 100, Perfecto and Hypersoft, and I automate reporting with advanced Excel. I also use digital marketing and artificial intelligence to drive performance: my Facebook Ads campaigns generated over 650,000 FCFA in sales in two weeks. Rigorous, autonomous and results-driven.

KEY EXPERTISE

PROFESSIONAL EXPERIENCE

CHIEF ACCOUNTANT

MAR. 2025 – PRESENT

Nucia Consulting · International group, 7 entities

ENTITIES

Nucia Consulting (Benin) · Pio&Co LLP & Starship Fox (United Kingdom) · Edjinkone OÜ & Oflario OÜ (Estonia) · Nucia Limited (Hong Kong) · Nucia LLC (United States)

CURRENCIES & TOOLS

EUR · USD · GBP —

Xero, Wise, Airwallex, LHV Bank, Mercury, Statrys, Interactive Brokers, PayPal, Stripe, Shopify, ThriveCart, Western Union, Mobile Money, Microsoft 365

- Manages the full accounting cycle of Nucia Consulting (Benin) — collection, coding, entry, review and closing — through to the preparation and filing of SYSCOHADA financial statements and tax returns.
- Handles cost accounting for 6 international entities (United Kingdom, Estonia, Hong Kong, United States) and prepares the files sent to their chartered accountants for financial statements and tax returns.
- Centralises transactions on Xero and regularly reconciles around ten bank accounts and payment platforms in EUR, USD and GBP (Wise, Airwallex, LHV, Mercury, Statrys, Interactive Brokers, PayPal, Stripe).
- Supports the group's business projects (e-commerce, travel, training) on financial, contractual and administrative matters.
- Improves the group's financial traceability through bank consolidation and centralised document management.

KEY ACHIEVEMENTS

- Designed automated financial dashboards in Excel (advanced formulas, dynamic calculations): real-time tracking of revenue, expenses and multi-currency balances.
- Built pivot tables and analytical charts for monthly performance analysis by company, project and payment channel.
- Created a centralised bank consolidation file that automates reconciliations and strengthens cash-flow traceability.
- Developed internal tools to track tax and social security deadlines, reducing the risk of missed filings and securing regulatory compliance.
- Structured the group's digital archiving system, improving access to accounting documents and contracts.

ACCOUNTANT & TAX SPECIALIST

APR. 2026 – AUG. 2026

Cabinet EYA AFRICA · Part-time assignment — Benin

- Coding, entry and review of accounting documents, ensuring reliable entries in line with SYSCOHADA standards.
- Prepared tax and social security returns for client companies in compliance with legal obligations and filing deadlines.
- Contributed to the preparation of annual financial statements: review, inventory and year-end closing.
- Classified and archived accounting documents to secure transaction traceability and facilitate audits.

KEY ACHIEVEMENTS

- Built a complete financial forecast model (dashboards, KPIs, projections, decision-support tools) to accounting-firm standards.
- Developed advanced Excel tools — automations, complex formulas, pivot tables and interactive charts — for financial analysis and management.
- Designed training material on general accounting, Beninese taxation and accounting software (Perfecto, Sage 100, Hypersoft), with detailed answer keys and case studies aligned with the SYSCOHADA framework.

ACCOUNTANT & TAX SPECIALIST

FEB. 2024 – MAR. 2025

Cabinet SUCO SARL · Benin

- Directly managed a portfolio of 9 client companies (entry, coding, document review) through to reliable financial statements, and supervised files assigned to team members — 27 clients in total.
- Filed clients' tax and social security returns online and at tax offices, including payments.
- Produced compliant financial statements and tax packages in Sage 100.

KEY ACHIEVEMENTS

- Reduced clients' tax risk through on-time filings and active tax monitoring.
- Led case-based training sessions on accounting software (Perfecto, Hypersoft, Sage 100), Beninese taxation and accounting organisation.

ACCOUNTING INTERN

SEPT. 2023 – JAN. 2024

ESM-Bénin · Private higher education

Bookkeeping for the institution (entry, coding, recording), inventory work and control of receipts and disbursements; improved accounting document organisation.

SURVEYOR, THEN DATA ENTRY CLERK

MAY – JUL. 2023

ANSSP · Ministry of Health, Benin

Field collection and entry of large volumes of administrative data under official protocols: quality and eligibility checks, transfer to departmental and national databases, municipal activity reports.

PROJECTS, PUBLICATIONS & DIGITAL MARKETING

- Author of the guide “La Fiscalité béninoise expliquée simplement” (Beninese Taxation Made Simple), self-published and sold online.
- Guest on the TV programme “Le Bon Citoyen” (Eden TV Bénin) on companies' tax obligations.
- Designed and ran Facebook Ads campaigns for my online store (Chariow) and for Cabinet SUCO's store: over 650,000 FCFA in sales generated in two weeks.
